Review and acceptance of the Minutes

The Board reviewed and accepted the Board minutes from the March 9th 2017 meeting. The minutes were distributed to all board members prior to the meeting. Jake Austin made a motion to accept the minutes, Jamie Jones seconded the motion. The minutes were accepted 6-0

Management Report

Christina Walker reported that the Spring Yard Sale was not well attended. Violations are being written for parking on the street/grass

Resident Forum

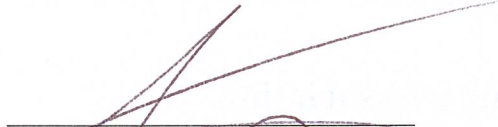

A resident spoke to the Board regarding neighbors complaining about all the feral cats she is feeding. The resident told the board she is trying to catch all the cats and get them spayed/neutered, she has caught some already. Jake Austin asked if the resident could keep the cats on her property so they were not going into the neighbor's flower beds. The resident will continue to try and trap the cats get them spayed/neutered and hopefully put up for adoption.

Second resident asked permission to have an above ground pool approved. The pool was already put up and the board asked that the resident submit an AR form. Beth Boucher stated above ground pools are not allowed. Dora Naylor felt that if they approved one above ground pool that there would be above ground pools all over the community. The board requested that the homeowner screen the pool from street view or fence the pool. The homeowner was going to submit the AR form for review and agreed to screen the pool from street view.
